

Notice to be read to the people of Seatown

Let it be known to all that Marie Anne Lacroix, Comtesse Stephone, has been apprehended along with three male accomplices smuggling English goods and persons earlier in the week. She has been found guilty and with her Father's acceptance has been sentenced to death in the prescribed manner on September 8. All persons who wish to witness the drowning should assemble at the city dock by 8 o'clock. As it is the wish of her Noble Father, her body will not be allowed to remain in the sea but will be retrieved for proper burial.
